ABOUT US

Civil Tech W.L.L. is an international business company based in Doha Qatar with business associates in UAE, Sultanate of Oman, and India.

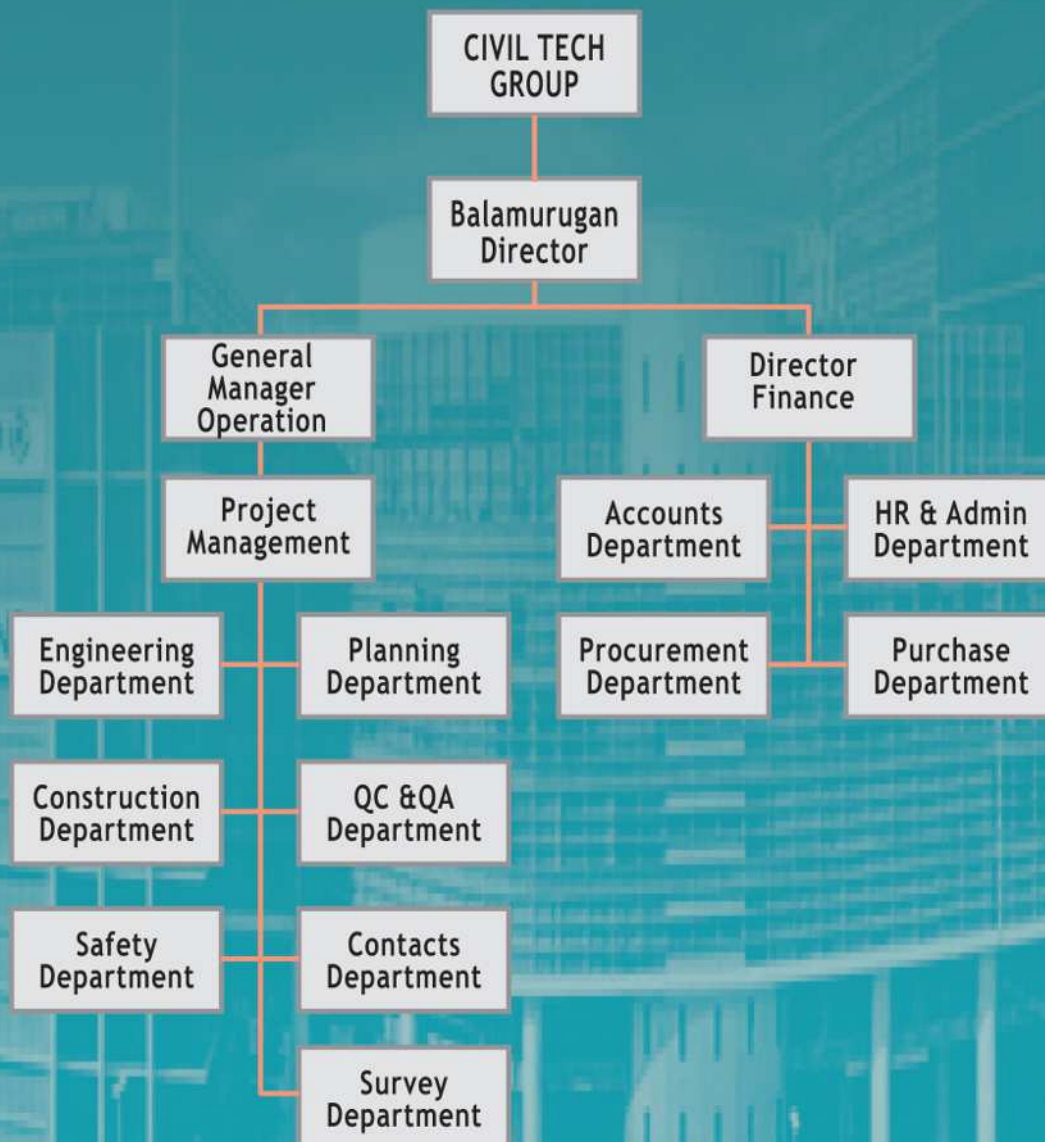

The name "Civil Tech" coined from diversified construction technologies reflecting the company's wide scope of specialized activities in the service of the civil construction industry.

Civil Tech Group is knowledge based in a wide range of respective fields of experience. We basically satisfy our professional needs by associating them with project and construction management and thereby we meet and exceed our client's expectations. Decision-Making process is guided by our client's schedule and budget.

ORGANIZATION STRUCTURE

COMPANY DETAILS

For customers who do not compromise, we strive to be the first choice to solve their civil construction related problems and to deliver quality work within the budget. We are dedicated to operating with integrity and to providing value added service to our customers. We commit ourselves towards providing very safe, quality and reliable construction to our valuable customers at the right time in the right way, the every time.

AUDITOR'S REPORT

To,

The Partners,
Civil Tech W.L.L.

We have audited the financial statements of **Civil Tech W.L.L., Doha-Qatar** for the year ended 31st July 2014. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We have conducted our audit in accordance with International Standards on Auditing. Those Standards requires that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of 31st July 2014 and the results of its operations and cash flows for the year then ended, in accordance with the basis of International Financial Reporting Standards.
